

# VID-V111ATT

Active Video Twisted Pair Transmission

### Features:

- System is integrated with alarm sensor (PIR, Magnetic, etc...) or RS485/422 data
- Smart twisted pair transmission products are designed for CCTV signal transmission over unshielded twisted pair wire (CAT 5 network cable).
- Active Video Transceiver ( power required), transmission range color 1500 meters, B/W 2400 meters via CAT5 UTP cable.
- **These smart cabling system transmission are an alternative solution to coaxial and fiber based systems, providing following benefits:**
  - Fast, easy installation, saving time and money.
  - Substantial savings on the cost of the cable itself.
  - Superb quality on long range transmission.

### Specification:

- Three position range switch for gain select on transmitter.
- Five position distance range switch on Receiver, brightness adjustment, two video output.
- Built in transient protection and ground lifting.

### WARRANTY

Limited Lifetime

© Aventura Technologies

- **Three position range switch for gain select on transmitter.**
- **Five position distance range switch on Receiver**
- **Built in transient protection and ground lifting.**
